## WORK EXPERIENCE:

### ENTERPRISE TECHNOLOGY SOFTWARE ENGINEER INTERN

State Farm, Bloomington IL

Jun 2022 - Aug 2023

- Completed four internships with State Farm (Summer 2022, Fall 2022, Spring 2023, Summer 2023).
- Part of the digital content team, creating and maintaining statefarm.com web pages
- Created software allowing web designers to generate json data to make article page content show up in Google search results. Year following implementation had +20% increase in traffic.
- Communicated with QA engineers and legal team to identify and resolve defects in a timely manner.
- Included in projects managing nearly all website and company media assets.

### MEDIA INTERN

First Baptist Church, Bloomington IL

Jan 2021 - May 2022

- Directed and produced multi-camera live streams of Sunday worship services and special events. Brought in over 100k impressions throughout COVID & reached churches from other countries.
- Edited videos for church social media.
- Taught and equipped volunteers to use new technology for future growth.
- During COVID, ran all church live streams from my home.
